SOUTH AFRICAN INTERNATIONAL HALAL SHOWCASE

2026

SOUTH AFRICAN INTERNATIONAL HALAL SHOWCASE 2026

16 - 18 APRIL 2026

**GALLAGHER CONVENTION CENTRE
MIDRAND, JOHANNESBURG
SOUTH AFRICA**

DISCOVER THE FUTURE OF HALAL TRADE, INVESTMENT & INNOVATION

Africa is home to over 450 million Muslims, representing nearly 40% of its 1.4 billion population. With rising urbanization, a youthful demographic, and growing purchasing power, halal consumption is increasing rapidly — not only among Muslims but also among health- and ethics-conscious consumers.

Why the Global Halal Industry is Looking to Africa?

- **Rising Demand:** Halal product consumption increasing among both Muslim and non-Muslim populations.
- **Import Dependency:** Many African countries import up to 70% of their halal food, cosmetics, and pharma products — a golden opportunity for international exporters.
- **Open to Partnerships:** African importers are actively seeking reliable halal-certified international suppliers and joint ventures.
- **Logistics Improvements:** Infrastructure, free trade areas (AfCFTA), and customs harmonisation are enhancing market access.
- **Trade Agreements:** Preferential access to African markets via regional blocs (SADC, COMESA, ECOWAS).
